SCAN2WIN ITEMS:

Titleist TSR1 Driver (\$599 value)

Ultra-Lightweight Speed & Distance! Moderate swing speed, meet maximum performance. Titleist TSR1 Driver's incredible lightweight configuration and enhanced aerodynamics make it easier to generate more speed. The new Multi-Plateau Variable Face Thickness design optimizes ball speed across the entire face.

TaylorMade Sim2 Max Driver (\$529 value)

More Power, More Often! Forged Ring Construction is the key to unlocking consistently long distance and optimal forgiveness with SIM2 Max. Crafted from a lightweight and high strength aluminum that's precision milled, it unites the critical components of the driver head into a singular force. Forming a driver built for forgiveness and power, designed to give you the confidence to take on any tee shot.

Scotty Cameron Phantom X Putter (\$429 value)

Developed with input from our game's best players and hoisted to multiple victories on the worldwide professional golf tours, the Phantom X line presents a range of the most sought-after head shapes and neck/shaft configurations for golfers seeking today's most advanced mallet designs.

Scotty Cameron Super Select

Squareback 2 Putter (\$449 value)

Refined for 2023 with a new precision sculpted, Tour-inspired I-beam plumbing neck, Scotty's new dual-milled face technology and the line's new-look machined cherry bombs, the Super Select Squareback 2 is a forgiving mid-mallet welcomed by players looking for the crisp, alignment-promoting lines of this perennial performer. With a solid milled putter face and an integrated 6061 aluminum sole plate that allows for higher MOI with more weight in the heel, toe and perimeter, the Super Select Squareback 2 has stainless steel sole weights for stability and includes the line's new shaft band, headcover and textured Pistolero Plus grip.
